Remarks

Historically a 7 bedroom Bed n Breakfast w massive wood beams spanning a soaring ceiling on the highest setting in the neighborhood + on the biggest view lot. 4 large bedrooms w a main level primary suite, Great Room, 2 baths, kitchen and living area with center fireplace. Upstairs features a 960 sf bonus room with high ceiling along w a bigger primary suite w walk-in glass shower, double sinks and travertine tile. Antique solid core doors, upgraded windows, OS pantry, granite tile. Great room has wet bar with lots of natural light along with a separate entry with tasteful carved wood door. This home is solidly built, airtight and surpasses code now in place for height restriction in the City limits. Magnificent home but appliances are outdated for which Seller renders a credit of \$10,000 at closing. Corner lot provides space for RV. Backyard is fenced with alley access. A pleasure to show! Seller makes no representations, no cosmetic upgrades, no commissions on Seller Credits.
